

1927 Fageol Underslung Model 445 sn4087 is a 2-axle truck factory-built on a Safety Coach chassis. The date/model is wrong but the truck is 1928/485, owner John F.

This unit came from a McCormack auction in El Cajon CA on June 1st, 1991, for the Estate of Gene and Nellie Taylor. The last titled owner was Al Foglio of Milwaukie, Oregon, and we were able to meet him at the auction. He indicated that a 4-cyl Hall-Scott 151 was an original engine for the truck & we were able to buy 2 of these engines at the auction. Current engine is an American- LaFrance Junior V-12 & double gearboxes. @ MTM in CA
